

MISSION CRITICAL BALLISTIC SOLUTIONS

AIRERAIL

DESC:

The lightest universal rails on the market. The ArmorSource AireRail has revolutionized side rail hardware with reduced weight and bulk. Our all new M-Loc Side Rail System supports the use of all common accessories and comes with right and left rails along with default adaptors. This low-profile, lightweight, side-rail system provides the same functionality, but weighs in at ~50 grams vs 135 grams of the equivalent system.

The ArmorSource AireRail system attaches to the shell using an advanced, robust adhesive delivering maximum stability while eliminating the need to be attached and or adjusted by the operator.

Alternately, the AireRail system can be attached to the shell using legacy hardware and will fit all ACH cuts and sizes.
